

Procurement Systems and Supplier Interfaces

Agenda

- Business Systems Modernization (BSM)
Overview: Julie Van Schaik & Mike Corelis (booth 715)
- DLA Internet Bid Board System (DIBBS):
Alan Searfoss & Patrice Francis (booth 715)
- Automated Indefinite Delivery Orders (AIDPO):
Tammy Solt & Doug Griffith (booth 715)
- Project Data Management Initiative (PDMI):
Dan Nettler
- Automated Best Value System (ABVS):
Pat McCreay (booth 706)

Business Systems Modernization

Julie Van Schaik / Mike Corelis
DSCC Systems and Procedures
Division

Transformation & Expansion Business Systems Modernization

The Vision

Enhance DLA and Supplier interaction based on the specific needs of a relationship in order to allocate time and resource more efficiently to best support the warfighter.

BSM IT Components

BSM Program Primary Components

- Order Fulfillment
- Procurement
- Financial Management
- Tech Quality

DPACS Suite

- Solicit
- Award
- Report

manugistics

- Demand Planning
- Supply Planning
- Collaborate

**BW and Crystal
Reports**

Organizing by Demand and Supply Chains

Demand Chains -
grouping of
customers that
are managed
by Customer
Operations

“Each Customer
is aligned to one
and only one
demand chain”

Aviation
Land
Maritime
Construction
and
Equipment
(C&E)

Clothing and
Textiles (C&T)

Medical
Subsistence

Supply Chains
- grouping of
items/supplier
s that are
managed by
Supplier
Operations

“Each item is
aligned with one
and only one
supply chain”

BSM Organization

Learning/Growing With New Structure

Rollout Schedule

From Jan 06 - Dec 06

BSM Rollout Impact on Solicitations

- Items experience “PR Brownout” associated with a BSM rollout
- This brownout was projected to be approx. 45 days
 - ~15 days in legacy (longer if older PRs are canceled)
 - ~2-3 weeks to generate first cycle of PRs in BSM
- The brown out impacts performance metrics a lead-time out:
 - Materiel availability (MA) drops by 2%
 - Backorder levels increase by 50K+ (All Rollouts)

Where to get Information

- DLA BSM Website:
 - www.dla.mil/j-6/bsm
- BSM Supplier Information Resource Center
 - www.dla.mil/j-6/bsm/sirc

DLA Internet Bid Board System

**Alan Searfoss / Patrice Francis
DSCC Systems and Procedures
Division**

Selling to DLA under BSM

- All DLA Solicitations will be available on one web site by Sep '06:
 - **DLA BSM DIBBS:**
<https://www.dibbs.bsm.dla.mil/>
- Already issued, non-BSM opportunities:
 - DSCP and DSCR: PROCUREMENT GATEWAY
<http://progate.daps.dla.mil/home/>
 - DSCC: ORIGINAL VERSION OF DIBBS
<http://dibbs.dscc.dla.mil/>

DLA BSM DIBBS

- View and submit quotes
- View RFPs – Includes Long Term Contracts & EMail Opportunities
- Access award information
- View provisions, clauses & packaging specs
- View Technical Data
- Access the Automated Best Value System (ABVS) (Performance Scores used in award decisions)

Note: Acquisition Forecasts are not available in BSM DIBBS

DLA BSM DIBBS

DEMO

Automated Indefinite Delivery Orders

Tammy Solt / Doug Griffith
DSCC Systems and Procedures
Division

BSM AutoIDPO

- Indefinite Quantity contract using Simplified Acquisition Procedures
- \$100,000 limit
- Potential 2 year contract
- 1st DO anticipated 90 days after issuance of AutoIDPO Solicitation
- 1st DO automatically meets the min. obligation
- Master Solicitation:
<http://www.dla.mil/j-3/j-336/DLA/>
 - **PART II -Indefinite Delivery Purchase Order (IDPO)**
Contract: Applies where “U” solicitation and resulting award does not specify a firm quantity of supplies (other than a minimum quantity) and provides for the issuance of delivery orders during the period of the contract. Coverage is for DLA orders for stock replenishment.

Quote / Evaluation

- AIDPO will be solicited on DIBBS for 21 days
- 90 quote validity period
- Closing time = 2pm EST
- Zone Pricing (2 Zones)
- Quantity Variance allowed
- Government Ranges required
- Alternate Ranges may be submitted for Government's consideration

Award

- Once an open Purchase Request for the NSN comes into the system, the AIDPO will be awarded
- The automated IDPO agreement will be issued with a "D" in the ninth position, a "5" or "6" or "7" in the tenth position, and an alpha in the eleventh position of the PIIN number
- The Basic and 1st DO will be posted to DIBBS simultaneously

AIDPOs on DIBBS

- <https://www.dibbs.bsm.dla.mil/>
- RFQ Search **I** **DPO**
- Example: SPM**7**M*06U*
 - SPM4 – Richmond
 - SPM5 – Philly
 - SPM7 – Columbus
- Quote **Q**
- Demonstration

Resources

- For questions regarding the DLA-BSM Internet Bid Board System use the Feedback form on DIBBS, or send email to: DibbsBSM@dla.mil
- For all other questions (solicitation requirements, item description, award choice, etc.), please contact the buyer
- Websites:
 - DLA BSM DIBBS: <https://www.dibbs.bsm.dla.mil/>
 - Master Solicitation: <http://www.dla.mil/j-3/j-336/DLA/>

Project Data Management Initiative

Dan Nettler
**Chief, DSCC Technical Management
Unit**

PDMI Capabilities

Engineering Support Automation

The capability to request, receive and act upon external engineering analysis

Document Management:

The capability to manage technical documentation and relationships between documents and materials

Item Introduction:

The capability to maintain accurate item defining data through the SSR and LR processes

Prioritization:

Optimal allocation of resources in support of overall Agency priorities

Document Distribution:

The capability to allow partners access to appropriate item defining documentation

Document Distribution

- PDMI provides the capability to allow Vendors to access appropriate item defining documentation
- Collaboration Folders (cFolders) will be created for each solicitation that requires a tech data package
- Vendors will be able to query cFolders for solicitations based on NSN number, Solicitation number, PR number, and Document number, in addition to other search criteria

Registering for Access

- ▣ Vendors currently register on DIBBS to enter quotes on solicitations.
- ▣ With PDMI, Vendors not currently registered will register on DIBBS for cFolders accounts.
- ▣ All users will have access to Distribution A data upon account creation in DIBBS and cFolders
- ▣ Vendors can request access to restricted data by downloading the appropriate form from cFolders and faxing to a DLA Point of Contact (POC)

Using cFolders

- ▢ Vendors will access cFolders via a link from DIBBS or directly from the cFolders website
- ▢ Vendors can view and download information (product data, blueprints, technical drawings and other supporting information) for solicitations.
- ▢ Access to viewing and downloading files will be restricted based on the user's authorization and the information contained in the records

cFolders Reporting

- cFolders will provide a report for OEM's that will list users that viewed their documents and the documents they viewed
- The report will be restricted to certain users and the search criteria will be limited to what OEM is viewing the report (an OEM cannot view a report for another OEM)
- The report will be available on cFolders and can be run on demand

cFolders: Retirement

- A cFolder will remain active for the awardee for 30 days after the award date, it will then be archived
- When a cFolder is archived, the document files will be removed and a copy of the solicitation data will be archived
 - PR number, Solicitation number, NSN number, Document number, Awardee, Close Date, Award Date

Automated Best Value System

Pat McCreay
DSCC Systems and Procedures
Division

Agenda

- History and explanation of ABVS
- Current status of ABVS/BSM

ABVS Background

- ABVS began in 1995
- Definition: a computerized system which collects contractors' existing past performance data and translates it into numeric scores; contracting officers use these scores (historical performance) as an additional evaluation factor when making best value award decisions.

ABVS Objectives

- ▮ Translate past performance (quality and delivery) into meaningful numeric scores
- ▮ Score all contractors based on past performance history
- ▮ Buyers make a comparative assessment of evaluated price, quoted delivery and past performance
- ▮ Promote Best Value Award decisions
 - Buy smarter

General ABVS Info

- Updates occur around the 10th of the month
- Vendor views his own negative performance data and scores on ABVS website which is password protected
- Vendor may only challenge data through the appropriate ABVS office
- Website:
 - <http://www.dscr.dla.mil/proc/abvm/abvm.htm>
 - Where you see: Click here to obtain your ABVS data, click on the word here

ABVS Current Status

- Past performance data flows into ABVS on BSM orders issued 1 January 2006 forward
- As daily shipping and/or receipt transactions post BSM performance data is refreshed and flows into ABVS and ABVS data is refreshed
- Negative performance data is on ABVS website in a preview window for contractor review and challenge opportunity prior to calculation in score
- Data can still be challenged even if data has moved out of the preview and into the rating

Contractor Participation

- Vendors are strongly urged to review their performance data often and coordinate with the appropriate ABVS Administrator to resolve any concerns
- Through the challenge process, we saw the ship date on BSM orders was not always being populated in the data
- Systems change requests have been processed and the data flow is improved

Contractor Participation

- We have other change requests in process to improve the data flow
- We are asking that contractors be our partners in managing the data and identify any data element that is invalid

ABVS Team
